1.GitHub Account Setup

- Use today's session to complete the setup of your GitHub account

- Here is a link: Setting up your GitHub profile

- Do the following:

    - Add a profile image(use any for now - you can change it later)
    - Add a Bio
    - DO NOT ADD A README YET! (We will do this another way to demonstrate another concept)
    - Send a screenshot to the instructor as an attachment.
    - In the Email body, include your GitHub username and Link to your GitHub account.
